

A detailed illustration of a futuristic astronaut riding a rocket-powered motorcycle in space. The astronaut is wearing a complex, metallic suit with a helmet and is riding a highly detailed, chrome motorcycle with a large engine and multiple thrusters. The motorcycle is emitting a bright orange and yellow flame from its rear. The background is a dark, starry space with a large, glowing blue planet and a smaller, glowing blue sphere in the distance. The overall scene is dynamic and futuristic.

FONTS USED

Poppins
123*abc***ABC**

Geometric sans serif typefaces have been a popular design tool ever since these actors took to the world's stage. Poppins is one of the new comers to this long tradition. With support for the Devanagari and Latin writing systems, it is an internationalist take on the genre.
