

A detailed illustration of a futuristic astronaut riding a highly advanced, metallic motorcycle in space. The astronaut is wearing a complex, multi-colored suit with a large, clear helmet. The motorcycle is sleek and futuristic, with a prominent headlight and a large, rounded front fairing. The background is a deep blue space filled with stars, with a bright sun or star in the upper left corner and a large, glowing planet or moon in the lower left. The overall scene is dynamic and visually striking.
